Ryan Ngoh

Summary

Full-stack Javascript junior web developer dedicated to improving the technological scene and looking for a collaborative group to expand my junior developer skillset. Supportive and enthusiastic team player focused on streamlining processes and efficiently resolving project issues. Comfortable working in fast-paced environments and willing to mentor others that are less experienced.

Skill Highlights

- Fluent in HTML, CSS, and Javascript
- MongoDB, Express, React, NodeJS
- Databases: MySQL/SQL
- Agile/Scrum methodology
- Ajax
- Efficient data management
- Strong decision maker
- Creative, forward thinking

Work Experience

PhysAssist Scribe

April 2016 – October 2016

- Worked closely with MDs, DOs, RNs, and PAs at Children's Medical Center ER
- Documented patient-physician interview and physical exams
- Comfortable working in fast-paced, high-stress environments for extended periods of time

Programming and Development Experience

Full-time Coding Boot Camp at UT Austin

October 2016 - present
